HSE MANAGEMENT POLICY STATEMENT

FNCT Directors and Employees consider health, safety and the protection of the Environment to be one of the highest priorities in every day activities of the Company. It is the policy of FNCT to provide and maintain a standard of training, information, instruction and supervision in health safety to enable its employees to carry out their given duties safety. All employees have clear responsibilities to maintain a positive attitude to safety awareness and to prevent injury to themselves and others.

We at FNCT, Safety Plan comply with the U.A.E. Health & Safety Ministerial orders. We recognize the need to work to International standards and we will endeavor to ensure that the company and its contractors comply with current International Health & Safety regulations. We will also supply sufficient resources to help achieve a protective safety culture.

Policy objectives as far as is reasonably practicable we believe.

Safety responsibilities and commitment to ensure that all employees work in a safe and health environment and will diligently comply with all safety and health laws and regulations.

Accountability by making sure that each manager, supervisor and subcontractor is held accountable for the achievement of the company objectives and those objects are well communicated and understood by everybody.

Labor law, Standard safety law and Fujairah Municipality Safety code are following from the top management of FNCT up to the workers.

Each people is well informed and trained to perform his job in a productive safe way, through proper induction, effective job instruction, toolbox talks and with proper supervision throughout their employment. Furthermore, each employee is an important part of our Safety and Health program and we train them to be expert and committed to the objectives.

Health, Safety and Environmental Division carries out regular safety and maintaining prevention program that ascertains cause and talking corrective action for every accident.
